AEROMIX (now Fluence):	Surface Aspirators; Submersible Aspirators; Package WWTP's; Low Speed Aerators; Floating Mixers
AERZEN USA:	Positive Displacement Rotary Lobe Blowers; Two and Three Lobe Designs; Factory Built Delta Blower Gen 5 P.D. Package; Delta Hybrid Rotary Lobe Blowers and Delta Screw Compressor Units
ALFA LAVAL (Ashbrook):	ALDEC G2 & G3 Centrifuges; Spiral & Tube Heat Exchangers; ALDRUM G3 Rotary Drum Thickener; Klampress 3 Belt Filter Press; Europress 2 Belt Press; AquaBelt Gravity Belt Thickener; Manor Filter Press; Alfa Laval Screw Press
AMBIO BIOFILTRATION:	Odor Control Technologies; Biofilters; Photoionization and Corona Discharge Odor Control Systems
AMIAD WATER SYSTEMS:	Amiad and Filtomat Self Cleaning Water Filters; SpinKlin Disc Technology and Microfiber Thread Technology for Pre and Final Filtration; Plant Service Water; Municipal Drinking Water and Other Applications
APG-NEUROS:	Industry Leader in High Efficiency, Single Stage, Turbo Blowers from 30 HP to 1400 HP; featuring oil-free high temperature air bearings and permanent magnet synchronous motor; DO Control Systems
AQUA-AEROBIC SYSTEMS:	AquaDisk®; Aqua MegaDisk™ & AquaDiamond® Cloth Media Filters; AquaABF® Filter; AquaDDM® Mixer; AquaMixAir® Aeration System; AquaExcel™ SBR; AquaPass™; Aqua-Aerobic® MBR; AquaJet®; Aqua EnduraTube® and Aqua EnduraDisc® Diffusers
BlueInGreen:	SDOX™ Super-Saturated Dissolved Oxygen Delivery System; HyDOZ™ Hyper-Concentrated Dissolved Ozone Delivery System and Recarb CO ₂ Delivery System
CALGON CARBON:	Water and Wastewater UV Disinfection and Oxidation Technologies
CUSTOM CONVEYOR:	Shaftless Screw Conveyors (Horizontal & Vertical); Belt Conveyors (Trough Belt & Sidewall Belt); EXM Shafted Screw Conveyors; Metering Gates; Drain Gates; Loadout Gates and Diverter Gates
DE NORA WATER TECHNOLOGIES:	Capital Controls (Severn Trent) Gas Feed Systems for CL ₂ , SO ₂ and Ammonia, Gas Detectors and Gas Analyzers; ClorTec On-Site Hypochlorite Generating Systems; EST Gas Chlorine Scrubber Systems; H ₂ S Odor Control Systems
DESIGN TANKS:	Premier Fiberglass Tank Manufacturing Company
DUPERON CORPORATION:	FlexRake FP & FPFS Wastewater coarse and fine screens; FlexRake Low Flow Screen; PerfPlate Screen; Duperon Washer/Compactors & Auger Conveyors; MultiRake Stormwater Screens and Self Cleaning Trashracks
ElectraTherm:	ElectraTherm's Power+ Generator produces fuel-free, emission-free electricity from low-grade waste heat
ENDURO COMPOSITES:	Tuff Span XL6 and Suregrip Fiberglass Environmental Tank Covers and Baffle Walls;
ENVIRO-CARE A WAMGROUP COMPANY:	SAVI: Flo-Drum; Flo-MultiRake C,P&F, Flo-Beast, Flo-WashPress: SPECO: Wastemaster Screens, Gritsep™ Grit Classifiers, Wastecom™ Screw Compactor: SEPCOM Dewatering Units: FSM Filter Screen, Center Flow Screen, Dual Flow Screen, Multi Rake Bar Screen, Grab Bar Screen, Screening Washing Press, Grit Washer
FAIRBANKS NIJHUIS – PENTAIR:	Complete Line of Vertical and Horizontal Dry Pit, Submersible, Immersible, Vortex, Solids Handling, Mixed Flow, Vertical Turbine Solids Handling (VTSH), Propeller, Screw Channel, Turbine and many other Water & Wastewater Pumps
FOURNIER INDUSTRIES:	Rotary Press Sludge Dewatering Systems
FRANKLIN MILLER:	TASKMASTER in-line and channel grinders; comminutors and packaged grinder/screens
GE POWER & WATER – ZENON:	LEAPmbr®; ZeeLung® Membrane Aerated Biofilm Reactor; ZeeWeed Hollow-Fiber Membranes; Reverse Osmosis Systems; ED/EDI/EDR, Packaged Systems for Water & Wastewater Treatment; AnMBR, Monsal Advanced Anaerobic Digestion; Biosolids and Biowaste Solutions
HALLSTEN:	Flat Aluminum Tank Covers; UV Hatches; Biofiltration Floor Systems; Secondary Containment Systems
HALOGEN VALVE SYSTEMS:	Emergency Shut Off System for Gas Chlorine Cylinder and Ton Container Valves
HAYWARD GORDON:	Screw Centrifugal Pumps; Recessed Impeller Sludge and Grit Pumps; CHOPX Chopper Pumps; Vertical Shafted Mixers; Sharpe Mixers; SimFloc Sludge Concentrator
HELLAN STRAINER COMPANY:	Automatic Self Cleaning Fluid Strainers for plant water systems, zebra mussels, membrane filter pretreatment, algae, sand and gravel
HOFFMAN & LAMSON, a brand of Gardner Denver Blowers:	Hoffman and Lamson Multistage Centrifugal Blowers; TurboTron Regenerative Blower; Complete Blower Monitoring & D.O. Control Systems
HYDRO INTERNATIONAL – Eutek Grit Systems:	Headworks Fine Grit Control with the HeadCell™ Grit Removal System; Grit Washing and Sludge Degritting with the SlurryCup™ Solids Classifier; Grit Snail™ Grit Dewatering System; TeaCup™; Grit King Advanced Vortex Separator; Reg-U-Flow® Vortex Valve; Hydro-Sludge Screen; Stormwater Products: Downstream Defender; Reg-U-Flo; Wet Weather Products: Storm King

INVENT ENVIRONMENTAL TECHNOLOGIES:	Innovative Mixing Technologies, Aeration Systems and System Solutions. HYPERCLASSIC Mixer Evo 7, HYPERDRIVE Mixer, HYPERPITCH Mixer, HYPERCLASSIC Mixer/Aerator and CYBERPITCH Flash Mixer
ISHIGAKI USA:	Screw Press for Solids Thickening and Dewatering
KLa SYSTEMS:	Jet Aeration & Slot Injector Systems for Aeration; Sludge Mixing in Digesters, Holding Tanks; Anoxic Mixing
LEOPOLD, a xylem brand:	Rapid Gravity Dual or Multi Media Filters; utilizing the Type "XA" Filter Underdrain Technology; IMS Media Retainers; Engineered Filter Media; Anthracite; Troughs & Agitators and Complete Filter Control System; Clari-Vac & CT2 Clari-Trac Sludge Collectors; DAF Dissolved Air Flootation Systems; Ultrafiltration Membrane Systems and Denite Filters
LOBELINE, Div. of Swaby Pump:	State-of-the-art Rotary Lobe Pumps
GRIDBEE & SOLARBEE Medora Corporation:	Solar and Grid powered circulators for water and wastewater applications including water towers and reservoirs, aerated lagoons, CSO ponds, effluent irrigation ponds and sludge storage tanks
MILTON ROY:	PRIMEROYAL®, mROY®, MILROYAL®, MAXROY®, MACROY®, SOLARROY®, POWEROYAL, & Centrac Chemical Metering Pumps & Chemical Feed Systems; SCDs for Coagulant Control
MIOX:	Mixed Oxidant Solution and Sodium Hypochlorite On-Site Generation Systems
OVIVO:	Carrousel® Oxidation Ditch; Clarifiers; Thickeners; Rotary Distributors; Sidestream Treatment – AnammoPAQ™ and PHOSPAQ™; Anaerobic Digestion – LM™ Mixers, EIMIX® Mixers, Ultrastore™ Membrane Gasholders, and Steel Covers; Aerobic Digestion - Enviroquip® Airbeam™ Cover, ECO_MAT®, G-TAD™, M-TAD™, and MEM-TAD™ Thickening Processes; DigestivorePAD™; AEROSTRIP® Aerators; J+A Jeta® Grit Trap; Bracket Bosker® Automatic Raking Screen; Duet™ Fine Screen
PARKSON CORPORATION:	Lamella® EcoFlow™ Gravity Settler; DynaSand® Ecowash™ Advanced Filtration System; HiOx® Messner® Aeration Panel; Wyss® Flex-A-Tube® Diffusers; Biolac® Extended Aeration Activated Sludge Process; ThickTech™ Rotary Drum Thickener; AquaGuard® UltraClean™ Element & Perf Screens; Aqua Wash Press; Helisieve® Fine Screen & Dewatering System; Rotoshear® & Rotomesh® Drum Screens; Combi® All-In-One Headworks; Thermo-System® Solar Sludge Dryer
PENN VALLEY PUMP:	Double Disc Pumps for Sludge Pumping Applications
PULSED HYDRAULICS, INC:	PHI manufactures the original energy efficient "Hydro-Pulsed" technology that mixes without in-basin moving parts. PHI's technology can be applied to Aerobic Tanks, Water Storage, Lift Station, Sludge, Backwash Mud Basin and Stormwater Mixing applications
RDP TECHNOLOGIES:	TEKKEM Lime Slaker and Precision Hydrated Lime Systems; Biosolids Storage & Conveying Systems; Fenton Drying Systems and Biosolids Stabilization Systems
RedZone Robotics:	Products and Services to allow Municipalities, Engineering Firms and Contractors of all sizes to better understand and manage their wastewater infrastructure.
REXA ACTUATORS:	Self-contained electro-hydraulic actuators and drives that improve control and extend the life of severe service trims providing stability and precision operation in all actuator applications
SHELTER WORKS:	Fiberglass Shelter Solutions using "Fiber-Beam Technologies"
SPAANS BABCOCK:	Archimedes Screw Pump; Refurbishing Other Manufacturers' Screw Pumps
SSI – STAMFORD SCIENTIFIC:	Complete Aeration Systems, Disc and Tubular Diffusers in PTFE, VITON, EPDM, Silicone and Polyurethane Materials of Construction; SS Coarse Bubble Diffusers and Piping Systems, Replacement Membranes; SSI Telemetry providing Real Time System Monitoring of Diffuser Membranes and the Piping System
STEEL-FAB, INC:	Custom Water Control Roller Gates; Jet Flow Gates; Fixed Cone Valves; Bulkheads; Crest & Tainter Gates
THERMAL PROCESS SYSTEMS:	ThermAer™ Autothermal Thermophilic Truly Aerobic Digestion (ATTAD) Process; SADR™ reduces ammonium and soluble COD in a single reactor; BiofiltAer™ Biofiltration Odor Control
TRIDENT PROCESSES LLC:	Trident's Biosolids Dewatering & Nutrient Recovery Technology: MD Multi-Disc Press & KDS Separator
TRIPLEPOINT WATER TECHNOLOGIES:	Wastewater Lagoon Solutions; NitrOx Ammonia Removal; MARS Wastewater Lagoon Aeration; PhosBox Lagoon Phosphorus Removal; LARS™ Advanced Lagoon Treatment
VAREC BIOGAS:	Digester Gas Safety Equipment
VELODYNE:	Hybrid Liquid Polymer Activation Technology; Liquid and Dry Polymer Activation and Feed Systems; Bulk Solids Handling – Silo and Bag Systems, Auger Feeders, and accessories; offering manual to completely automated control systems
WATSON-MARLOW PUMPS:	Peristaltic Tubing and Hose Pumps for Chemical Metering/Transfer and Sludge Feed/Transfer Applications
WHIPPS:	Sluice Gates; Slide Gates; Stop Gates; Weir Gates; Stop Logs; Flap Gates; Bulkheads; T-Valves
ZAPS TECHNOLOGIES:	ZAPS Liquid Station utilizes Hybrid Multispectral Analysis for continuous, online water-quality monitoring. LiquidD features a host of unique innovations to provide nearly maintenance-free continuous monitoring of multiple parameters simultaneously in the water, wastewater treatment applications.
